REQUEST FOR ADMISSIONS, FIRST SET OF INTERROGATORIES, AND FIRST
REQUEST FOR PRODUCTION OF DOCUMENTS**

NOW COMES Defendant M.R.S. Associates, Inc. in the above-captioned action and hereby responds to Plaintiff Matt Jenkins's First Request for Admissions, First Set of Interrogatories, and First Request for Production of Documents.

PRELIMINARY STATEMENT

(A) The following responses are based upon information presently available to Defendant that it believes to be correct. Said responses are made without prejudice to Defendant's right to utilize subsequently discovered facts.

(B) No incidental or implied admission of fact by Defendant is made by the responses below. The only admissions are expressed admissions. The fact that Defendant has answered any request, any interrogatory, or produced any document herein may not properly be taken as an admission that it accepts or admits the existence of any fact set forth or assumed by such request, or that such response constitutes admissible evidence. The fact that Defendant has answered part of all of any interrogatory is not intended to and shall not be construed to be a waiver by

Defendant of all or any part of any objection by Defendant to the admissibility of evidence at trial or the relevance of the response.

(C) The responses to the interrogatories may be supplemented by Defendant's further investigation and acquisition of information which it does not either possess or recall at this time. However, any such further supplementation shall be made only in accordance with the Federal Rules of Civil Procedure.

(D) Defendant shows that, notwithstanding any of the "definitions" or preliminary instructions contained within Plaintiff's Interrogatories, Defendant will provide responses which are required pursuant to the Federal Rules of Civil Procedure.

(E) As to any of the "definitions" which precede Plaintiff's Interrogatories and which seek information or documents which include trial preparation and/or privileged materials or communications, Defendant objects.

(F) The information supplied in these answers is not based solely upon the knowledge of the executing party, but includes knowledge of the party, its agents, its representative and attorneys, unless privileged.

(G) The word usage and sentencing structure may be that of the attorney assisting in the preparation of the answers and, thus, do not necessarily purport to be the precise language of the existing parties.

(H) The objections asserted by Defendant below are asserted in good faith, based upon counsel's evaluation of Defendant's discovery obligations under the Federal Rules of Civil Procedure. Nevertheless, Defendant, through counsel, offers and stands ready to confer with the Plaintiff in an effort to resolve or narrow, to the greatest extent possible, any dispute between the parties concerning Defendant objections.

(I) This preliminary statement is incorporated in each of the responses set forth below.

GENERAL OBJECTIONS

Defendant M.R.S. Associates, Inc. **OBJECTS** to Plaintiff's First Request for Admissions, First Set of Interrogatories, and First Request for Production of Documents to the extent that they request or seek the disclosure of information that is subject to the attorney-client privilege and/or the work-product doctrine, or any other applicable privilege or immunity. Defendant M.R.S. Associates, Inc. further **OBJECTS** to Plaintiff's First Request for Admissions, First Set of Interrogatories, and First Request for Production of Documents to the extent that they request or seek the disclosure of information that is Defendant's confidential and proprietary business information. Defendant further objects to these interrogatories to the extent that they seek the disclosure of information which would unduly invade the privacy rights of persons not party to this litigation or to whom Defendant has a duty of confidentiality.

Defendant M.R.S. Associates, Inc.'s responses set forth below are made without waiving in any manner: (a) the right to object to the use of any response for any purpose, in this action or any other actions, on the grounds of privilege, relevance, materiality or any other appropriate grounds; (b) the right to object to any other request for discovery and/or production involving or relating to the subject matter of the responses herein; and (c) the right to revise, correct, supplement or clarify any of the responses provided below as may be warranted by the parties' ongoing investigation of this action.

Defendant M.R.S. Associates, Inc.'s responses to Plaintiff's First Request for Admissions, First Set of Interrogatories, and First Request for Production of Documents are made pursuant to the Federal Rules of Civil Procedure using the ordinary meanings of words

contained within those requests. To the extent that the definitions or instructions given by Plaintiff are in conflict with or are inconsistent with the Federal Rules of Civil Procedure, or purport to impose obligations on Defendant M.R.S. Associates, Inc. greater or different from those imposed by the Federal Rules of Civil Procedure, Defendant M.R.S. Associates, Inc. objects to them.
